

HAMPDEN-SIDNEY PLAYS RICHMOND

Conquerors of Randolph-Macon to Meet Local Collegians Saturday.

HARD GAME IS EXPECTED

The defeat of Randolph-Macon by Hampden-Sidney on last Saturday by the score of 11 to 6 makes things look blue for the Spiders in getting a victory over the sturdy team from Farmville when these two teams meet at Broad Street Park on next Saturday at 3 o'clock. Hampden-Sidney has played local colleges and William and Mary exhibition games, but the game last Saturday which this team played with Randolph-Macon was the first of the championship series of the Virginia Intercollegiate Athletic Association. By its victory over Randolph-Macon, Hampden-Sidney has drawn first blood and it would seem that it should easily defeat Richmond College, which has already been defeated by Randolph-Macon.

Hampden-Sidney was fortunate in securing as coach this year Jim Nutter, the captain and star player of the Blackburg team of last year. Still, of the V. P. I. squad of last year, is a tower of strength in Richmond boys, who only weighs 116 pounds, plays on the same team, and it is said by those who have seen him play that he is the best man for his size on the gridiron in the South.

The physical condition of the Spiders is far from satisfactory, although the fact that so many first-team players have been injured in the game, two in fact, and a string of second men almost as good as the first.

The officials have not yet been selected, but the management promise to secure men well up on the game, and thus avoid long and unnecessary delays and wrangling.

PUNAM FAVORS FOOTBALL

Columbia's New Chairman Wants Intercollegiate Contests. NEW YORK, November 5.—Albert W. Putnam, recently appointed chairman of the Columbia University committee on athletics in place of Francis S. Bangs, has put himself on record as being in favor of the immediate resumption of intercollegiate football in the upstart university. In an interview Mr. Putnam tears to pieces the arguments of brutality and inattention to study advanced by opponents of the game, and declared in effect that the faculty committee, which recently voted three to two in favor of interclass football, should be granted its wishes.

"Interclass games are all right," says Mr. Putnam, "but personally I believe that intercollegiate football is desirable. The students could support football. We had just paid off heavy debts of previous seasons and were beginning to have a firm financial foundation. The game when the sport was abolished was the best of its kind."

ENGLISH HOUNDS DEN FOX

Leedsbury Hunt Club Has Enjoyable Hunt Near Leesbury. LEEDSBURY, VA., November 5.—The English hounds of the Leedsbury Hunt Club met to-day at the Big Spring farm near Leesbury. A. Henry Higginson, master, his houndsmen and hunt followers, which worked well under favorable conditions of weather and ground, were thirty minutes in making a Big Spring covey, finding a fox soon after.

The chase led along the Potomac River for six miles over a level country, but intersected by streams, ditches, fences and fallow land. The hounds followed close, and the fox kept up to the finish. The fox was downed on the Mason farm, and the hunt lasted for three hours.

Those following were: A. Henry Higginson, master; B. White, on Chimney; A. M. Chichester, Jr., John Castleman, W. C. Bustin, Mr. and Mrs. Westerman, and Davis, Mrs. D. H. Henderson, of Charles County; Miss Tracy, of St. Louis; Misses Evert and Miskell, of Leesbury.

The Leesbury hounds will run on Wednesday at Oak Hill under Westmoreland Davis, master.

At Skating rink.

One of the best acts ever seen on the skating rink at Idlewood Park was given on Monday night, last, by the Powers Brothers, who were in Richmond and drew large crowds nightly, but this season they have added many new feats, on rollers, and are likely to collapse their previous good record here. Their dancing turn on pedestals while balancing glasses of water on their heads, and their never fails to bring down the house.

The Powers Brothers are in a class by themselves as rink entertainers, and the special features to be put on Friday night, this week should prove a real treat to the audience.

The floor is now in excellent condition and the new skates are proving a source of much pleasure to those who really enjoy a spin of rollers.

Those who have seen Clyde Fitch's "The Truth" in the Clarendon Theatre will appear at the Academy to-morrow evening, say that, although a comedy, it is a powerful lesson-teaching drama. The play is a cable one, and will doubtless attract a large attendance.
